

Serving Chamber Executives Since 1915

The Honorable J.B. Pritzker
Governor of Illinois
James R Thompson Center
100 W. Randolph, 16-100
Chicago, IL 60601

Dear Governor Pritzker,

Collectively, local chambers of commerce in Illinois believe we must reasonably, realistically and responsibly get our economy back up and running, enable our businesses to open and allow our people to get back to work.

We acknowledge that different regions of the state, whether by Illinois Department of Public (IDPH) or county level – may have a different data-driven system of safely reopening businesses as well as an enforceable means to ensure the health of employees, customers and community.

Our role is helping our businesses be proactive in ensuring their employees feel safe to come back to work and their customers feel safe to patronize their business.

By sharing the Centers for Disease and Control and prevention (CDC) and IDPH recommendations as well as offering assistance with implementation, we commit to helping our businesses act responsibly to ensure the safety of their employees and their customers.

Please know we wish to work together to offer feedback to proposed solutions representing the business community throughout the state of Illinois.

Sincerely,

Lisa Weitzel, IOM, CAE
President, IACCE
